Two Thousand Years Ago-Emmanuel 2011

Memoirs of a suicide-Yvonne do Amaral Pereira 2021-10-10 Under the guidance of the spirit Leon Denis, the spirit author Camilo Castelo Branco, using the pen name Camilo Cândido Botelho, describes to the médium Yvonne A. Pereira, his dreadful experience after having discarnated by committing suicide. The book entails invaluable instruction, demonstrating the greatness of the Divine Mercy toward repentant suicides and providing them with the opportunity to understand the universe and life in its fullest dimension. The beginnings of planet Earth, the evolution of the human being, the immortality of the soul, Christian morality, and other relevant themes are presented for the understanding that "... no attempt at moral growth will work if we remain imprisoned in self-ignorance." A complete reading of this work shows that there is a road of reconstruction for those who repent. There is always hope because rehabilitation is possible.

Evolution in two worlds-Francisco Cândido Xavier 2019-11-09 Psychographed by Francisco Candido Xavier and Waldo Vieira, Evolution in Two Worlds is divided into two parts. The first connects words of Christ to concepts such as the existence of the perispirit and spiritual body, the cosmic fluid, heredity, evolution and sex, nourishment in the spirit realm, and the mechanics of the mind, among others. The second part combines questions and answers related to marriage, divorce, pregnancy and abortion. The Spirit Andre Luiz combines scientific and evangelical concepts to promote a study of the evolutionary process of the being and the soul in the two realms of our existence - the material world and the spirit world - establishing an intellectual challenge to all those who practice and wish to know the Spiritist Doctrine.

What is Spiritism-

On the way to the light-Francisco Cândido Xavier 2019-11-09 Those who are trying to understand our world and its origins will find the answers in this book. Of all the events, facts, situations and individuals that down through time have marked our progress, the author highlights the most relevant and presents them in this notable work of historic synthesis. He analyzes the missions of spirits such as Krishna, Buddha, Abraham, Moses, Fo-Hi, Confucius, Lao-Tse, Solomon, Socrates, Plato, Mohammed, the Hebrew Prophets, the Apostles, Paul of Tarsus, St. Francis of Assisi, Luther and Allan Kardec. The book narrates the history of civilization from the perspective of Spiritism, showing the true position of the Gospel of Christ in the light of earth’s religions and philosophies. It addresses the first inhabitants of the earth, touching on the historical pages of peoples, great empires and the changes that have followed one another in the direction of the future. Emmanuel shows us that through divine determinism, we are all on our way to the light!

Action and reaction-Francisco Cândido Xavier 2019-11-09 In this volume you will find a description of the lower regions of the spirit realm and the suffering to which the guilty conscience is subject after the death of the physical body. Andre Luiz presents studies of real-life cases and offers guidance regarding paying one’s spiritual debts, the law of cause and effect, preparations for reincarnation, collective expiations, and the value of prayer. The spirit author shows us that the possibilities of our current existence are connected to our actions in past existences, just as our actions of today will condition our possibilities in the future.

Jesus the Healer-E. W. Kenyon 2020-07-14 For years, this book has challenged and inspired readers to step out in faith and receive the healing that Christ purchased for us. Many people have been healed while reading these pages! Legendary Bible teacher Dr. E. W. Kenyon has a rare gift for presenting the deep and profound truths of God’s Word in a simple and easily understood way. His teachings on expressing "positive confessions of faith" formed much of the foundation for Word of Faith Pentecostalism. In Jesus the Healer, Dr. Kenyon fully explores the powerful gift of healing that Jesus demonstrated throughout His ministry. Sickness and disease are not God’s will for believers. So Kenyon unpacks God’s methods of healing and how to live the abundant life that Jesus promised. God’s healing promises are no good unless you act on them. Believing is acting on God’s Word. Faith is the result of acting on God’s Word. Healing miracles are available today for those who believe and step out in faith!

The spirits’ book-Allan Kardec 2021-11-11 After you have read The Spirits’ Book, you will no longer have any reason to fear death. The Spirits’ Book will provide you with the answers to nearly all the questions you may have with regards to the origin, nature and destiny of each and every soul on earth – and those of other worlds as well. It also addresses the issues of God, creation, moral laws and the nature of spirits and their relationships with humans. The book contains answers that were dictated to mediums by highly evolved spirits who love God. The Spirits’ Book is the initial landmark publication of a Doctrine that has made a profound impact on the thought and view of life of a considerable portion of humankind since the first French edition was published in 1857.

Christian agenda-Francisco Cândido Xavier 2021-10-10 An important work to be always within reach. The Christian Agenda offers a set of valuable Teachings about the behaviour, vigilance and prudence that human beings need to display, especially in the difficult moments of life, based on the Teachings of Jesus. And life goes on...-Francisco Cândido Xavier 2019-11-09 This book presents a description of the human being after discarnation and demonstrates that, in the Beyond, the mental state of spirits directly impacts their existence there. In 26 chapters, it tells the story of real characters who receive the help of spirit friends upon discarnating. These friends encourage them to renew themselves spiritually through study and work in order to prepare to review and untangle the meaning of the lives they have just finished, thereby enabling them to pursue a more constructive course of behavior for their future. It teaches us to examine our lives continually, knowing that, according to the laws of God, life does in fact go on, full of hope and effort, progress and accomplishment after death.

Genesis-Allan Kardec 2019-12-31 This book is one of the five basic books that make up the Codification of Spiritism by Allan Kardec

Sex and destiny-Francisco Cândido Xavier 2021-09-13 What effects will the sexual experiences and conduct of incarnates have on the immortal spirit in their future life, their destiny? Rich in detail, the books by Andre Luiz depict the spirit world: how spirits live, their habitats and the relations of cause and effect that influence the evolutionary trajectory both of incarnates and discarnates, delineating their future life, their destiny. In this book, readers will find the answers to their questions about human sexual relationships and their implications for the future life of the immortal spirit, enabling it to "learn by using the library of experience." Sex and destiny, love and conscience, freedom and commitment, guilt and redemption, home and reincarnation are the topics of this book born in the forge of everyday reality.

Planetary Transition-Divaldo Franco Pereira 2020-12 We are on the threshold of the great transition, when our planet will go from being a world of trials and expiations to one of regeneration. This transition has been part of the heavenly plan for a long time; thus, it will not occur in an obvious manner, overnight, as if by magic, but as a slow, gradual, yet undelayable transformation. Natural tragedies, such as the Indian Ocean tsunami in 2004 - the subject of our considerations in this book - are part of this process because they are meant to make humankind

progress more quickly by expunging criminal spirits - those unamenable to order and to moral and spiritual evolution, which can no longer be delayed. Those spirits will spend an amount of time on other worlds, learning the laws of Love and of the Good until they are fit to return to our planet to make their contribution to the progress of humankind. In this extraordinary book, our dear readers will learn about the mechanisms and lofty reasons for the planetary transition in favor of pressing and necessary changes that promote respect for laws, ethics and nature, transforming men and women into complete beings who are conscious of their duties to God, themselves and others.

Missionaries of the light-Francisco Cândido Xavier 2019-11-09 In this volume, Andre Luiz unveils the secrets of reincarnation, revealing the task of missionary spirits in charge of the rebirth process. The spirit author affirms that physical death is not the end. He also stresses the importance of self-effort in the struggle for self-improvement. In twenty chapters, he talks about his continued learning experience in the spirit world, the perispirit as a living body that molds the material cells, reincarnation guided by high order spirits, and the different aspects of mediumistic manifestations. Missionaries of the Light teaches that Divine Providence always grants people new arenas of work through the incessant renewal of life by means of reincarnation.

Good Morning, Holy Spirit-Benny Hinn 1990

Master Mind-Napoleon Hill 2021-09-21 Napoleon Hill on two occasions wrote extensive memoirs about his life, starting with his youth in Wise County, Virginia, and ending, apparently, during World War II. I say “apparently” because the archives of the Napoleon Hill Foundation contain these two manuscripts, but they are obviously incomplete and end in the 1940s. Mr. Hill died in 1970. His last book, Grow Rich with Peace of Mind, was written in 1967 and sheds some light on his later years; but his own journals and memoirs of those years, if they ever existed, have not yet been found. The two memoirs were titled by Mr. Hill, Wheel of Fortune and Hand of Destiny. They contain details of his life, including his four marriages, two divorces and one annulment, which we at the Foundation have not seen in any of his other writings or speeches. They also contain many details about his successes and failures in business and there were more failures than successes, as he readily admits. The memoirs contain thoughtful insights into the state of mind of this great thinker—how he dealt with failure, profited from defeat, turned adversity into advantage, and ultimately achieved happiness with his last wife, Annie Lou, happiness which had eluded him for most of his life. Mr. Hill has said that the Master Mind principle, in which two or more minds work harmoniously to achieve a common goal, is the most important of the seventeen principles of success he studied during his decades of research into how people attain happy and successful lives. One of the many interesting stories in the memoirs is about how he and his third wife, Rosa Lee, used the Master Mind principle to discover the only one of the seventeen principles that no one had understood or realized before, Cosmic Habitforce. The Trustees of the Napoleon Hill Foundation have combined the two memoirs into one, editing out repetition and putting events in chronological order where it made sense to do so. They chose to title the combined memoirs Master Mind, in recognition of the importance this principle played in his philosophy and life, and as a tribute to the mental giant who was the greatest thinker and writer ever in the fields of personal achievement and self-improvement.

Hail, Christ!-Francisco Cândido Xavier 2019-11-09 Hail, Christ! Those who will live forever glorify and salute you! The partnership between the medium Francisco Cândido Xavier and the spirit Emmanuel reveals the story of Quintus Varrus and Tacianus, two souls connected by many reincarnations, and who meet each other once again in the third century of Christianity in a region controlled by the Roman Empire. As an example of simplicity, trust and love, the pioneers of the Good News devoted themselves to serving Christ, having as their sustenance only their powerful and unshakable faith. This is a moving story that shows how much true love can accomplish in its manifestations of solidarity on behalf of human individuals.

Ghosts Among Us-James Van Praagh 2009-10-13 Everything You Always Wanted to Know About Ghosts, but Were Too Afraid to Ask From a very young age James Van Praagh was aware of a dimension that most of us cannot see, and he has dedicated his life to explaining it to the rest of us. The New York Times bestseller Ghosts Among Us takes us on an incredible journey into the spirit world that brings to light one of our greatest mysteries—what happens to us after we die?

And the Flowers Showered-Osho 2012-05-08 Using eleven Zen stories as a starting point and diving deep into their mysterious world, he then weaves his magical clarity on many diverse contemporary topics. From the true meaning of happiness to an understanding of the process of death, it’s all here. To begin reading this book is to commence a journey into the world of wonder. Buddha’s disciple Subhuti is showered with blossoms upon experiencing sublime emptiness. But isn’t emptiness usually an absence of something? Through his commentary on this seemingly strange tale, Osho illuminates the vast difference between a negative and a sublime emptiness.

The Power of Habit-Charles Duhigg 2012-02-28 NEW YORK TIMES BESTSELLER • This instant classic explores how we can change our lives by changing our habits. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Wall Street Journal • Financial Times In The Power of Habit, award-winning business reporter Charles Duhigg takes us to the thrilling edge of scientific discoveries that explain why habits exist and how they can be changed. Distilling vast amounts of information into engrossing narratives that take us from the boardrooms of Procter & Gamble to the sidelines of the NFL to the front lines of the civil rights movement, Duhigg presents a whole new understanding of human nature and its potential. At its core, The Power of Habit contains an exhilarating argument: The key to exercising regularly, losing weight, being more productive, and achieving success is understanding how habits work. Heaven and Hell-Allan Kardec 2020-11-22 Heaven and Hell, or the Divine Justice according to Spiritism "It is certain that we live, think, and act; it is not less certain that we shall die. But, on leaving Earth, where shall we go? What will become of us? Shall we be better off, or shall we be worse off? Shall we continue to exist, or shall we cease to exist? "To be, or not to be," is the alternative presented to us; it will be for always, or not at all; it will be everything, or nothing; we shall live on eternally, or we shall cease to live, once and forever. The alternative is well worth the consideration." A.K.Of the four principal works of Allan Kardec, Heaven and Hell is the third. It gives a series of spirit-narratives confirmatory of the Spiritist theory. These works constitute the basis of a religious belief that is equally in harmony with reason, with science, with experience, and with aspiration. They

consequently supply the true substitute for the unreasoning faith that is so rapidly dying out from the minds of men, the true antidote to the scientific materialism of the day, the true cure for the selfishness which is the practical outcome of the short-sightedness that regards our present life as the sum of our existence, the true explanation and guide of the sentiment which prompts each human being to desire something better than the unsatisfying conditions among which he finds himself.

The Awakening Course-Joe Vitale 2011-12-20 The author presents a program explaining the four stages of awakening. He offers a step-by-step approach for finding and achieving one's goals and desires, as well as a path to complete mind, body, and spiritual transformation.

The Book of Children-Osho 2013-07-16 A first entry in a new series by the spiritual teacher and author of The Journey of Being Human describes how the natural freedom and creativity of childhood is typically sacrificed in favor of productivity, calling for more liberating approaches that enable parents to become aware of their own negative conditioning. Original. 20,000 first printing.

The Gospel According to Spiritism-Allan Kardec 2020-03 contains the essence of the moral teachings of Christ, thus providing a foundation under which followers of all religions - even those who profess no religion at all - can gather, for it offers a sure guide for our inner transformation, which, according to Christ, is indispensable for us to find future happiness and inner peace, a state that is possible for the spirit on its evolutionary journey to God only by complying fully with the divine laws.

The Ultimate Happiness Prescription-Deepak Chopra, M.D. 2009-11-17 Happiness is something everyone desires. Yet how to find happiness-or even if we deserve to-remains a mystery. Still more mysterious is the secret to a lasting happiness that cannot be taken away. In The Ultimate Happiness Prescription, bestselling author Deepak Chopra shows us seven keys to uncover the true secrets of joy in the most difficult times. The goal of life is the expansion of happiness, he contends. But in today's demanding world, that goal seems elusive, if not impossibly out of reach. Society reinforces the belief that fulfillment comes from achieving success, wealth, and good relationships. Yet Chopra tells us that the opposite is true: all success in life is the by-product of happiness, not the cause. So what is the cause? The Ultimate Happiness Prescription shares spiritual principles for a life based on a sense of your "true self" lying beyond the ebb and flow of daily living. Simple daily exercises lead to eliminating the root causes of unhappiness and letting a deeper level of bliss unfold. After all avenues to happiness have been explored and exhausted, only one path is left: the journey to enlightenment. In The Ultimate

Happiness Prescription, the daunting and exotic challenge of finding enlightenment becomes accessible step by step. We are taken on an inspiring journey to the true self, the only place untouched by trouble and misfortune. On the way we learn the secrets for living mindfully and with effortless spontaneity. Now happiness is no longer hostage to external events but an experience we carry with us always. As Chopra inspiringly concludes, "Everything we fear in the world and want to change can be transformed through happiness, the simplest desire we have, and also the most profound."
