Blueloon-Julia Cook 2012-04-03 I'm a blueloon. I'm supposed to be a regular balloon, but I'm just not having fun like the others. I'm kinda dull, and I'm kinda flat. My string is tied up in knots. I have a case of the blues...that's why I'm a blueloon. I've felt like this for weeks! Meet Blueloon a sad little balloon who is suffering from depression. With help from the wise rock, Blueloon learns what he can do to "bounce back" to being the way he used to be bright, round, and full with a very straight string! Although clinical depression is often thought of as an adult disease, it can affect children, as well. Unfortunately, children may not have the maturity to understand what is happening to them, or they may feel powerless to change their situation, so they don't speak up about what they are going through. It is up to adults to be on the lookout for signs of trouble, and recognize when

a child needs help. Finally! A book on depression that works for Blueloons of all ages!

push on his teeth, right before he ERUPTS (or interrupts). His mouth is a volcano! But when others begin to interrupt Louis, he learns how to respectfully wait for his turn to talk. *My Mouth Is A Volcano* takes an empathetic approach to the habit of interrupting and teaches children a witty technique to help them manage their rambunctious thoughts and words. Anh's Anger-Gail Silver 2009-07-10 This wonderful and engaging 1st book in a trilogy that includes *Steps and Stones and Peace*, and *Bugs and Understanding*, gives children and caregivers a concrete practice for dealing with anger and other difficult emotions. In *Anh's Anger*, five-year-old Anh becomes enraged when his grandfather asks him to stop playing and come to the dinner table. The grandfather helps Anh fully experience all stages of anger by suggesting that he go to his room and, "sit with his anger." The story unfolds when Anh discovers what it means to sit with his anger. He comes to know his anger in the first person as his anger comes to life in full color and personality. Anh and his anger work through feelings together with humor and honesty to find a way to constructively release their thoughts and emotions and to reach resolve with Anh's grandfather. The story is beautifully illustrated with handmade collages by New York artist and children's book illustrator Christiane Kromer. Each collage is a mix of paper, acrylic, and cardboard, and found materials. The materials reflect the connection between the characters and their environment and are indicative of the wide range of emotions that come together in the story. *Anh's Anger* teaches children that it is okay to feel angry, and shows the technique, often used by child therapists, of externalizing the emotion. Through taking time to "sit' with his

anger, a young child is able to see his anger and talk to it and together they move through the journey of experiencing the different stages of anger until the feeling subsides and finally resolve. *Anh's Anger* differs significantly from other books on anger resolution techniques in showing that the child is able to talk about what transpired and accept responsibility for hurtful things that he may have said or done. The author's intention is to help parents understand that there is an alternative to "time out's" as a means of helping children to express themselves when feeling angry, while providing children with a mechanism for internal dialogue during a "time out" or when "sitting" with their anger. Through reading the story, children will learn to acknowledge anger when it arises, understand the cause of their anger, and ultimately feel safe expressing themselves and accepting accountability for their actions when appropriate. By learning these skills, children, will grow comfortable with them and carry them into adulthood with ease and confidence.

We're Not Broken-Eric Garcia 2021 "This book is a message from autistic people to their parents, friends, teachers, coworkers and doctors showing what life is like on the spectrum. It's also my love letter to autistic people. For too long, we have been forced to navigate a world where all the road signs are written in another language." With a reporter's eye and an insider's perspective, Eric Garcia shows what it's like to be autistic across America. Garcia began writing about autism because he was frustrated by the media's coverage of it; the myths that the disorder is caused by vaccines, the narrow portrayals of autistic people as white men working in Silicon Valley. His own life as an autistic person didn't look anything like that. He is Latino, a graduate of the University of North Carolina, and works as a journalist covering politics in Washington D.C. Garcia realized he needed to put into writing what so many autistic people have been saying for years; autism is a part of their identity, they don't need to be fixed. In *We're Not Broken*, Garcia uses his own life as a springboard to discuss the social and policy gaps that exist in supporting those on the spectrum. From education to healthcare, he explores how autistic people wrestle with systems that were not built with them in mind. At the same time, he shares the experiences of all types of autistic people, from those with higher support needs, to autistic people of color, to those in the LGBTQ community. In doing so, Garcia gives his community a platform to articulate their own needs, rather than having others speak for them, which has been the standard for far too long.

Harrow-Joy Williams 2021-09-14 In her first novel since *The Quick and the Dead* (a finalist for the Pulitzer Prize), the legendary writer takes us into an uncertain landscape after an environmental apocalypse, a world in which only the man-made has value, but some still wish to salvage the authentic. "She practices ... camouflage, except that instead of adapting to its environment, Williams's imagination, by remaining true to itself, reveals new colorations in the ecology around her." —A.O. Scott, *The New York Times Book Review* Kristen is a teenager who, her mother believes, was marked by greatness as a baby when she died for a moment and then came back to life. After Kristen's failing boarding school for gifted teens closes its doors, and she finds that her mother has disappeared, she ranges across the dead landscape and washes up at a "resort" on the shores of a mysterious, putrid lake the elderly

residents there call "Big Girl." In a rotting honeycomb of rooms, these old ones plot actions to punish corporations and people they consider culpable in the destruction of the final scraps of nature's beauty. What will Kristen and Jeffrey, the precocious ten-year-old boy she meets there, learn from this "gabby seditious lot, in the worst of health but with kamikaze hearts, an army of the aged and ill, determined to refresh, through crackpot violence, a plundered earth"? Rivetingly strange and beautiful, and delivered with Williams's searing, deadpan wit, Harrow is their intertwined tale of paradise lost and of their reasons—against all reasonableness—to try and recover something of it.
