**America's Dumbest Criminals**-Daniel Butler 1995-09-29 100 crazy stories of America's dumbest criminals. WARNING: The crimes you are about to read are true. The names have been changed . . . to protect the ignorant. Here is the ultimate collection of the most incredibly stupid and painfully dumb attempts at crime ever brought together. The woman who invalidated her winning \$5,000 lottery ticket by altering it to match the \$20 prize number The accused vending-machine thief who paid his \$400 bail entirely in quarters The streaking robber who thought clothes would make him more identifiable The convenience store thief who got away with just a hotdog, only to end up in the parking lot choking on the wiener

**What's the Number for 911 Again?**-Leland

Gregory 2001-06-15 Collects emergency phone calls made to 911, including a call made by a man asking how long his twenty-four hour virus will last and a request for an officer to unplug a coffee pot left on in the caller's kitchen.

**The World's Dumbest Criminals**-HarperCollins Publishers Canada 2020-11-10 Two men photographed each other stealing thousands of dollars from gambling machines. An armed man successfully robbed a pharmacy and was captured after he boasted about it on social media. A burglar spent time cleaning the house he was robbing and even restocked some groceries before he was discovered fast asleep in the homeowner's bed. Two drunken louts stole a penguin from an aquarium and tried to release it into a canal once they were sober (the creature was returned to the polar enclosure, unharmed). Another man attempted to hold up a bank using a cucumber as a weapon. Two fellows tried to rob a bar where the town's police department was holding a retirement party for one of its members. For every Moriarty, there are a thousand stupid criminals who get caught in the act, or who boast about their success on social media, or whose plans are so foolish that the police have little difficulty tracking them down. Throughout history, these criminals have been easily captured; some have even died during an ill-fated escape. New criminals are apprehended every day thanks to their own genius, their exploits captured on YouTube and Instagram. The World's Dumbest Criminals records more than one hundred of the most ridiculous, absurd and bizarre crimes that have landed on the police blotter in recent years. Hilarious and outrageous, this book will make you shake your head and perhaps second-guess your own plans to commit

petty larceny.

### **The Challenge of Crime in a Free Society-**

United States. President's Commission on Law Enforcement and Administration of Justice 1967  
This report of the President's Commission on Law Enforcement and Administration of Justice -- established by President Lyndon Johnson on July 23, 1965 -- addresses the causes of crime and delinquency and recommends how to prevent crime and delinquency and improve law enforcement and the administration of criminal justice. In developing its findings and recommendations, the Commission held three national conferences, conducted five national surveys, held hundreds of meetings, and interviewed tens of thousands of individuals. Separate chapters of this report discuss crime in America, juvenile delinquency, the police, the courts, corrections, organized crime, narcotics and drug abuse, drunkenness offenses, gun control, science and technology, and research as an instrument for reform. Significant data were generated by the Commission's National Survey of Criminal Victims, the first of its kind conducted on such a scope. The survey found that not only do Americans experience far more crime than they report to the police, but they talk about crime and the reports of crime engender such fear among citizens that the basic quality of life of many Americans has eroded. The core conclusion of the Commission, however, is that a significant reduction in crime can be achieved if the Commission's recommendations (some 200) are implemented. The recommendations call for a cooperative attack on crime by the Federal Government, the States, the counties, the cities, civic organizations, religious institutions, business groups, and individual citizens. They propose basic changes in the operations of police, schools, prosecutors, employment agencies, defenders, social workers, prisons, housing authorities, and probation and parole officers.

### **The Fundamental Concept of Crime in**

**International Criminal Law-Iryna Marchuk**  
2013-07-29 This book examines the rapid development of the fundamental concept of a crime in international criminal law from a comparative law perspective. In this context, particular thought has been given to the catalyzing impact of the criminal law theory that has developed in major world legal systems upon

the crystallization of the substantive part of international criminal law. This study offers a critical overview of international and domestic jurisprudence with regard to the construal of the concept of a crime (actus reus, mens rea, defences, modes of liability) and exposes roots of confusion in international criminal law through a comprehensive comparative analysis of substantive criminal laws in selected legal jurisdictions.

**The Book Thief**-Markus Zusak 2007-12-18 #1  
NEW YORK TIMES BESTSELLER • ONE OF TIME MAGAZINE'S 100 BEST YA BOOKS OF ALL TIME  
The extraordinary, beloved novel about the ability of books to feed the soul even in the darkest of times. When Death has a story to tell, you listen. It is 1939. Nazi Germany. The country is holding its breath. Death has never been busier, and will become busier still. Liesel Meminger is a foster girl living outside of Munich, who scratches out a meager existence for herself by stealing when she encounters something she can't resist-books. With the help of her accordion-playing foster father, she learns to read and shares her stolen books with her neighbors during bombing raids as well as with the Jewish man hidden in her basement. In superbly crafted writing that burns with intensity, award-winning author Markus Zusak, author of *I Am the Messenger*, has given us one of the most enduring stories of our time. "The kind of book that can be life-changing." —The New York Times "Deserves a place on the same shelf with *The Diary of a Young Girl* by Anne Frank." —USA Today  
DON'T MISS BRIDGE OF CLAY, MARKUS ZUSAK'S FIRST NOVEL SINCE THE BOOK THIEF.

**Crime**-Clarence Darrow 2012-11-01 True-crime fans and readers interested in the history of American jurisprudence should definitely add *Crime: Its Cause and Treatment* to their must-read list. Penned by famed lawyer Clarence Darrow, this penetrating look at the origins of criminal behavior draws on Darrow's own experiences defending such infamous characters as the teenage thrill-killers Leopold and Loeb.

**Born a Crime**-Trevor Noah 2016-11-15 #1 NEW YORK TIMES BESTSELLER • More than one million copies sold! A "brilliant" (Lupita Nyong'o, *Time*), "poignant" (Entertainment Weekly), "soul-nourishing" (USA Today) memoir about coming of age during the twilight of apartheid "Noah's childhood stories are told with all the hilarity and intellect that characterizes his comedy, while illuminating a dark and brutal period in South Africa's history that must never be forgotten."—Esquire Winner of the Thurber Prize for American Humor and an NAACP Image Award • Named one of the best books of the year by *The New York Times*, *USA Today*, *San Francisco Chronicle*, NPR, *Esquire*, *Newsday*, and *Booklist* Trevor Noah's unlikely path from apartheid South Africa to the desk of *The Daily Show* began with a criminal act: his birth. Trevor was born to a white Swiss father and a black Xhosa mother at a time when such a union was punishable by five years in prison. Living proof of his parents' indiscretion, Trevor was kept mostly indoors for the earliest years of his life, bound by the extreme and often absurd measures his mother took to hide him from a government that could, at any moment, steal him away. Finally liberated by the end of South Africa's tyrannical white rule, Trevor and his mother set forth on a grand adventure, living openly and freely and embracing the opportunities won by a centuries-long struggle. *Born a Crime* is the story of a

mischievous young boy who grows into a restless young man as he struggles to find himself in a world where he was never supposed to exist. It is also the story of that young man's relationship with his fearless, rebellious, and fervently religious mother—his teammate, a woman determined to save her son from the cycle of poverty, violence, and abuse that would ultimately threaten her own life. The stories collected here are by turns hilarious, dramatic, and deeply affecting. Whether subsisting on caterpillars for dinner during hard times, being thrown from a moving car during an attempted kidnapping, or just trying to survive the life-and-death pitfalls of dating in high school, Trevor illuminates his curious world with an incisive wit and unflinching honesty. His stories weave together to form a moving and searingly funny portrait of a boy making his way through a damaged world in a dangerous time, armed only with a keen sense of humor and a mother's unconventional, unconditional love.

**Research Methods in Criminal Justice and Criminology**-Callie Marie Rennison 2018-01-20  
"This is a great text. It is comprehensive and easy to understand. The illustrations will enable students to learn and remember the information. This is the first research methods text I have read that is actually fun to read." —Tina L. Freiburger, University of Wisconsin-Milwaukee  
*Research Methods in Criminal Justice and Criminology* connects key concepts to real field research and practices using contemporary examples and recurring case studies that demonstrate how concepts relate to students' lives. Authors Callie M. Rennison and Timothy C. Hart introduce practical research strategies used in criminal justice to show students how a research question can become a policy that changes or influences criminal justice practices. The book's student-driven approach addresses both the why and the how as it covers the research process and focuses on the practical application of data collection and analysis. By demonstrating the variety of ways research can be used and reinforcing the need to discern quality research, the book prepares students to become critical consumers and ethical producers of research. ### **The Functions of the Police in Modern Society**-Egon Bittner 1970

**The November Criminals**-Sam Munson 2015-10-13 Addison Schacht and his best friend Digger become obsessed with investigating the murder of a classmate as they travel through Washington DC's underworld in this "thoughtful coming-of-age story and engaging teenage noir" (The New York Times). High school senior Addison Schacht is taking the prompt for his college entry essay to the University of Chicago to heart: What are your best and worst qualities? He begins to look back on his life so far and considers what getting into college, selling some pot to his classmates, his relationship with his best friend—not girlfriend—Digger, Virgil's Aeneid, and his growing obsession with the murder of a classmate, Kevin Broadus, all mean. The more he digs into his own past, the farther he stumbles into the middle of the murder investigation. Filled with classic adolescent reflection and an intriguing mystery, The November Criminals is "one of the funniest, most heartfelt novels in recent memory—a book every bit as worthy of Mark Twain and J.D. Salinger" (The Chicago Tribune).

**An Essay on Crimes and Punishments**-Cesare Beccaria 2006 Reprint of the fourth edition, which contains an additional text attributed to Voltaire. Originally published anonymously in 1764, *Dei Delitti e Delle Pene* was the first systematic study of the principles of crime and punishment. Infused with the spirit of the Enlightenment, its advocacy of crime prevention and the abolition of torture and capital punishment marked a significant advance in

criminological thought, which had changed little since the Middle Ages. It had a profound influence on the development of criminal law in Europe and the United States.

**Legend**-Marie Lu 2013 In a dark future, when North America has split into two warring nations, 15-year-olds Day, a famous criminal, and June, the brilliant soldier hired to capture him, discover that they have a common enemy.P. Putnam's Sons.

**White-Collar Crime**-Brian K. Payne 2021-06-30 Updated with an exciting new chapter on political crime that highlights the debated connections between crime and politics, the Third Edition of *White-Collar Crime: A Systems Approach* provides students with a comprehensive introduction to the most important topics within white-collar crime. Brian K. Payne provides a theoretical framework and context for students to explore white-collar crime as a crime problem, a criminal justice problem, and a social problem. By introducing the topics within a systems-focused framework, Payne encourages students to examine the many types of white-collar crime as well as the various systems for responding to white-collar crime. **Justice for Juveniles**-Charles E. Springer 1986

**Are Prisons Obsolete?**-Angela Y. Davis 2011-01-04 With her characteristic brilliance,

grace and radical audacity, Angela Y. Davis has put the case for the latest abolition movement in American life: the abolition of the prison. As she quite correctly notes, American life is replete with abolition movements, and when they were engaged in these struggles, their chances of success seemed almost unthinkable. For generations of Americans, the abolition of slavery was sheerest illusion. Similarly, the entrenched system of racial segregation seemed to last forever, and generations lived in the midst of the practice, with few predicting its passage from custom. The brutal, exploitative (dare one say lucrative?) convict-lease system that succeeded formal slavery reaped millions to southern jurisdictions (and untold miseries for tens of thousands of men, and women). Few predicted its passing from the American penal landscape. Davis expertly argues how social movements transformed these social, political and cultural institutions, and made such practices untenable. In *Are Prisons Obsolete?*, Professor Davis seeks to illustrate that the time for the prison is approaching an end. She argues forthrightly for "decarceration", and argues for the transformation of the society as a whole.

**The Field Guide to Dumb Birds of North America**-Matt Kracht 2019-04-02 National bestselling book: Featured on Midwest, Mountain Plains, New Atlantic, Northern, Pacific Northwest and Southern Regional Indie Bestseller Lists Perfect book for the birder and anti-birder alike A humorous look at 50 common North American dumb birds: For those who have a disdain for birds or bird lovers with a sense of humor, this snarky, illustrated handbook is equal parts profane, funny, and—let's face it—true. Featuring common North American birds, such as the White-Breasted Butt Nugget and the Goddamned Canada Goose (or White-Breasted Nuthatch and Canada Goose for the layperson), Matt Kracht identifies all the idiots in your backyard and details exactly why they suck with humorous, yet angry, ink drawings. With *The Field Guide to Dumb Birds of North America*, you won't need to wonder what all that racket is anymore! • Each entry is accompanied by facts about a bird's (annoying) call, its (dumb) migratory pattern, its (downright tacky) markings, and more. • The essential guide to all

things wings with migratory maps, tips for birding, musings on the avian population, and the ethics of birdwatching. • Matt Kracht is an amateur birder, writer, and illustrator who enjoys creating books that celebrate the humor inherent in life's absurdities. Based in Seattle, he enjoys gazing out the window at the beautiful waters of Puget Sound and making fun of birds. "There are loads of books out there for bird lovers, but until now, nothing for those that love to hate birds. *The Field Guide to Dumb Birds of North America* fills the void, packed with snarky illustrations that chastise the flying animals in a funny, profane way. " - *Uncrate* A humorous animal book with 50 common North American birds for people who love birds and also those who love to hate birds • A perfect coffee table or bar top conversation-starting book • Makes a great Mother's Day, Father's Day, birthday, or retirement gift

**Become a Problem-Solving Crime Analyst**-Ronald Clarke 2014-06-03 Crime analysis has become an increasingly important part of policing and crime prevention, and thousands of specialist crime analysts are now employed by police forces worldwide. This is the first book to set out the principles and practice of crime analysis, and is designed to be used both by crime analysts themselves, by those responsible for the training of crime analysts and teaching its principles, and those teaching this subject as part of broader policing and criminal justice courses. The particular focus of this book is on the adoption of a problem solving approach, showing how crime analysis can be used and developed to support a problem oriented policing approach - based on the idea that the police should concentrate on identifying patterns of crime and anticipating crimes rather than just reacting to crimes once they have been committed. In his foreword to this book, Nick Ross, presenter of BBC Crime Watch, argues passionately that crime analysts are 'the new face of policing', and have a crucial part to play in the increasingly sophisticated police response to crime and its approach to crime prevention - 'You are the brains, the expert, the specialist, the boffin.'

**Common Sense as a Paradigm of Thought**-Tim Delaney 2018-11-28 The notion of common sense and abiding by its implications is something that, seemingly, everyone agrees is a

good way of making behavioral decisions and conducting one's daily activities. This holds true whether one is a liberal, moderate, or conservative; young or old; and regardless of one's race and ethnicity, gender, or sexual orientation. If utilizing common sense is such a good idea, why then, do so many people seem to violate it? This is just one of many significant questions surrounding the idea of common sense explored and discussed in this book. This volume presents common sense as a 'paradigm of thought' and as such, compares it to other major categories of thought — tradition, faith, enlightened and rational. Combining a balance of practical, everyday approaches (through the use of popular culture references and featured boxes) and academic analysis of core and conceptual methodological issues, Delaney demonstrates: The limitations of common sense and its place in everyday social interactions How we learn about common sense Why common sense is so important Common Sense as a Paradigm of Thought introduces readers to a rich variety of sociological authors and will appeal to students and researchers interested in fields such as: sociology, philosophy, social psychology, cultural studies, communications and health studies.

**The Oxford Handbook of Crime and Public Policy**-Michael Tonry 2011 Much of the scholarly literature and principal books on criminal justice and crime control policy take the operations of the criminal justice system, the causes of crime and delinquency, theories about crime and justice, and crime prevention as the central topics for study and policy analysis. But law enforcement and public officials create policy responses to specific crimes, not broad categories of offenses. In order to develop the most effective policies, one needs to understand why particular crimes occur and what approaches might best prevent them or minimize the harm they cause. Taking this fresh perspective, *The Oxford Handbook of Crime and Public Policy* offers a comprehensive examination of crimes as public policy subjects. Michael Tonry, a leading authority on criminology, has brought together the most distinguished active scholars in the field to present a wide-ranging overview and analysis of violent and sexual crimes, property crimes, transactional crimes, transnational crimes, and crimes against morality. The crimes investigated range from often-discussed offenses (homicide, auto theft, sexual violence) to those that only recently began

to receive attention (child abuse, domestic violence, environmental crimes); it includes new crimes (identity theft, cybercrime) as well as age-old crimes (drug abuse, gambling, prostitution). Written in a straightforward and accessible manner, each chapter explains why crimes happen, how often, and what we know about efforts to prevent or control them. Aimed at a wide audience of scholars, students, and policy makers, the Handbook is the definitive reference work on crimes and public policy responses to them.

**My Life with a Criminal: Milly's Story**-John Kiriamiti 1989-06-15 John Kiriamiti's best-selling novel *My Life in Crime* has become a classic. Here Milly, his girlfriend, tells the poignant story of her life with the bank robber. They were in love, and he was gentle, kind and considerate. But after she moved in with him, she discovered his double life. She remained devoted, but the stress of his life bore its toll, and finally they parted. This sequel novel is also a bestseller in Kenya.

**Weapons of Math Destruction**-Cathy O'Neil 2016 Longlisted for the National Book Award New York Times Bestseller A former Wall Street quant sounds an alarm on the mathematical models that pervade modern life -- and threaten to rip apart our social fabric We live in the age of the algorithm. Increasingly, the decisions that affect our lives--where we go to school, whether we get a car loan, how much we pay for health insurance--are being made not by humans, but by mathematical models. In theory, this should lead to greater fairness: Everyone is judged according to the same rules, and bias is eliminated. But as Cathy O'Neil reveals in this urgent and necessary book, the opposite is true. The models being used today are opaque, unregulated, and uncontestable, even when they're wrong. Most troubling, they reinforce discrimination: If a poor student can't get a loan because a lending model deems him too risky (by virtue of his zip code), he's then cut off from the kind of education that could pull him out of poverty, and a vicious spiral ensues. Models are propping up the lucky and punishing the downtrodden, creating a "toxic cocktail for democracy." Welcome to the dark side of Big Data. Tracing the arc of a person's life, O'Neil exposes the black box models that shape our future, both as individuals and as a society. These "weapons of math destruction"

score teachers and students, sort r sum s, grant (or deny) loans, evaluate workers, target voters, set parole, and monitor our health. O'Neil calls on modelers to take more responsibility for their algorithms and on policy makers to regulate their use. But in the end, it's up to us to become more savvy about the models that govern our lives. This important book empowers us to ask the tough questions, uncover the truth, and demand change. -- Longlist for National Book Award (Non-Fiction) -- Goodreads, semi-finalist for the 2016 Goodreads Choice Awards (Science and Technology) -- Kirkus, Best Books of 2016 -- New York Times, 100 Notable Books of 2016 (Non-Fiction) -- The Guardian, Best Books of 2016 -- WBUR's "On Point," Best Books of 2016: Staff Picks -- Boston Globe, Best Books of 2016, Non-Fiction

**The Hate U Give**-Angie Thomas 2017-02-28 8 starred reviews · Goodreads Choice Awards Best of the Best · William C. Morris Award Winner · National Book Award Longlist · Printz Honor Book · Coretta Scott King Honor Book · #1 New York Times Bestseller! "Absolutely riveting!" —Jason Reynolds "Stunning." —John Green "This story is necessary. This story is important." —Kirkus (starred review) "Heartbreakingly topical." —Publishers Weekly (starred review) "A marvel of verisimilitude." —Booklist (starred review) "A powerful, in-your-face novel." —Horn Book (starred review) Sixteen-year-old Starr Carter moves between two worlds: the poor neighborhood where she lives and the fancy suburban prep school she attends. The uneasy balance between these worlds is shattered when Starr witnesses the fatal shooting of her childhood best friend Khalil at the hands of a police officer. Khalil was unarmed. Soon afterward, his death is a national headline. Some are calling him a thug, maybe even a drug dealer and a gangbanger. Protesters are taking to the streets in Khalil's name. Some cops and the local drug lord try to intimidate Starr and her family. What everyone wants to know is: what really went down that night? And the only person alive who can answer that is Starr. But what Starr does—or does not—say could upend her community. It could also endanger her life. Want more of Garden Heights? Catch Maverick and Seven's story in *Concrete Rose*, Angie Thomas's powerful prequel to *The Hate U Give*.

**Fahrenheit 451 [TV Tie-In Edition]**-Ray

Bradbury 2018-04 The hauntingly prophetic classic novel set in a not-too-distant future where books are burned by a special task force of firemen. 'Another indispensable classic' The Times "Ray Bradbury's gift for storytelling reshaped our culture and expanded our world" Barack Obama Guy Montag is a fireman. His job is to burn books, which are forbidden, being the source of all discord and unhappiness. Even so, Montag is unhappy; there is discord in his marriage. Are books hidden in his house? The Mechanical Hound of the Fire Department, armed with a lethal hypodermic, escorted by helicopters, is ready to track down those dissidents who defy society to preserve and read books. The classic dystopian novel of a post-literate future, Fahrenheit 451 stands alongside Orwell's 1984 and Huxley's Brave New World as a prophetic account of Western civilization's enslavement by the media, drugs and conformity. Bradbury's powerful and poetic prose combines with uncanny insight into the potential of technology to create a novel which, decades on from first publication, still has the power to dazzle and shock.

**Worlds Dumbest Crooks 2**-Allan Zullo 2009 Over one hundred true accounts of criminals' self-defeating behaviors, including those of a fleeing gunman who got stuck in freshly poured cement and a carjacker who led police on a high-speed chase into the parking lot of a state prison.

**Discipline and Punish**-Michel Foucault 2012-04-18 In this brilliant work, the most influential philosopher since Sartre suggests that such vaunted reforms as the abolition of torture and the emergence of the modern penitentiary have merely shifted the focus of punishment from the prisoner's body to his soul.

**Criminals, Idiots, Women, and Minors (Dodo Press)**-Frances Power Cobbe 2008-03 Frances Power Cobbe (1822-1904), was an Irish writer who is known today as a social reformer, feminist theorist and pioneer animal rights activist. Born in Dublin, Ireland, Cobbe founded the Society for the Protection of Animals Liable to Vivisection (SPALV) in 1875, the world's first organization campaigning against animal experiments. In 1898, she founded the British Union for the Abolition of Vivisection (BUAV). Cobbe was a member of the executive council of the London

National Society for Women's Suffrage and writer of editorial columns for London newspapers on suffrage, property rights for women, and opposition to vivisection. Cobbe's first work, published anonymously, was on *The Intuitive Theory of Morals* (1855). She travelled in the East, and published *Cities of the Past* (1864), *Criminals, Idiots, Women and Minors* (1869), *Darwinism in Morals* (1872), and *Scientific Spirit of the Age* (1888).

**Speak: The Graphic Novel**-Laurie Halse Anderson 2018-02-06 The critically acclaimed, award-winning, modern classic *Speak* is now a stunning graphic novel. "Speak up for yourself—we want to know what you have to say." From the first moment of her freshman year at Merryweather High, Melinda knows this is a big fat lie, part of the nonsense of high school. She is friendless—an outcast—because she busted an end-of-summer party by calling the cops, so now nobody will talk to her, let alone listen to her. Through her work on an art project, she is finally able to face what really happened that night: She was raped by an upperclassman, a guy who still attends Merryweather and is still

a threat to her. With powerful illustrations by Emily Carroll, Laurie Halse Anderson's *Speak: The Graphic Novel* comes alive for new audiences and fans of the classic novel. This title has Common Core connections.

**We Beat the Street**-Sampson Davis 2006 Three boys, who made a pact to stick together through the rough times in their impoverished Newark neighborhood, found the strength to work through their difficulties and complete high school, college, and medical school together.

**Crime, Shame and Reintegration**-John Braithwaite 1989-03-23 Braithwaite argues that shame can be used as a constructive way to help criminals.

**The Outsiders**-Lynda Edwards 2019-11-20
